INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF FAMILY HEALTH PLAN INSURANCE TPA LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Family Health Plan Insurance TPA Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, but does not include the standalone financial statements and our auditor's report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

KARRA & CO.

Chartered Accountants

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Family Health Plan Insurance TPA Limited of even date).

- i) (a) The company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets.
(b) The fixed assets have been physically verified by the management at reasonable intervals; no material discrepancies were noticed on such verification.
(c) The Title Deeds of Immovable property are held in the name of the company.
- ii) This clause is not applicable since there were no inventories in the books of accounts of the company.
- iii) The Company hasn't granted unsecured to companies, and other parties covered in the register maintained under section 189 of Companies Act 2013.
- iv) This clause is not applicable since the Company has not granted any loan or advances or has not provided any guarantee or security as per the Section 185 & 186 of the Companies Act, 2013.
- v) The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2020 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
- vi) The maintenance of cost records has not been specified by the Central Government under section 148(1) of the Companies Act, 2013 for the business activities carried out by the Company. Thus reporting under clause 3(vi) of the order is not applicable to the Company.
- vii) (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues applicable to it with the appropriate authorities.
(b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2020 for a period of more than six months from the date they became payable.
- viii) In our opinion and according to the information and explanation given to us, the company has not defaulted in repayment of dues to the bank.
- ix) The Company has not raised moneys by way of initial public offer or further public offer. Based on the audit procedures performed and information and explanation given by the management, the term loans were applied for the purposes for which those are raised.
- x) Based on the audit procedures performed and information and explanation given by the management, there are no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- xi) Based on the audit procedures performed and information and explanation given by the management, the managerial remuneration has been paid complying with the requisite approvals mandated by provisions of sec 197 read with Schedule V of the companies act.

KARRA & CO.

Chartered Accountants

- xii) The Company is not a Nidhi Company and hence clause 3 (xii) of the Order is not applicable to the Company.
- xiii) Based on the audit procedures performed and information and explanation given by the management, all transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- xiv) The company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures under the review. Hence this clause is not applicable
- xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi) This clause is not applicable as the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Family Health Plan Insurance TPA Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Family Health Plan Insurance TPA Limited** ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the year ended 31 March 2020

1. Reporting entity

Family Health Plan Insurance TPA Limited (*formerly known as Family Health Plan (TPA) Limited*), ('FHPL' or 'the Company') is an Insurance Regulatory and Development Authority (IRDA) licensed Third Party Administrator for servicing the health insurance policies issued by the General Insurance Companies in India since 2003.

FHPL was incorporated in the year 1995 and has its registered office at MCH No. 8-2-269/A/2-1 To 6, 2nd Floor, Srinilaya Cyber Spazio, Road No.2, Banjara Hills, Hyderabad, Telangana-500034. The Corporate office at Srinilaya Cyber Spazio, Ground floor, Road No.2, Banjara Hills, Hyderabad, Telangana - 500034.

FHPL has around 1468 employees across the country. It services most of the private and all public sector general insurance companies. FHPL works with 13294 hospitals in 930 locations across the country. "FHPL serviced 67.50 Million lives during the year as against 56.49 Million lives in the year 2018-19 and processed 12.51 Lacs claims during the year as against 7.86 Lacs claims in the year 2018-19."

1.1 Basis of preparation

a) Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013, (the Act) and other relevant provisions of the Act.

The financial statements were authorized for issue by the Board of Directors on June 12, 2020.

b) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency.

c) Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/ liability	Present value of defined benefit obligations.

d) Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgments

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- Note 1.2(g) – realization of deferred tax assets

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year are included in the following notes:

- Note 1.2(b) – Useful life of Property, plant and equipment and intangible assets
- Note 1.2(d) – measurement of defined benefit obligations; key actuarial assumptions.
- Note 1.2(g) – recognition of deferred tax assets: availability of future taxable profits against which tax losses carried forward can be used.
- Note 1.2(i) – Impairment of trade receivables
- Note 1.2(i) – Impairment test of non-financial assets; key assumptions underlying recoverable amounts including the recoverability of expenditure on internally generated intangible assets.
- Note 1.2(i) – Impairment of financial assets.
- Note 1.2(i) – recognition and measurement of provisions and contingencies; key assumptions about the likelihood and magnitude of an outflow of resources.

e) Current/ non-current classification

All assets and liabilities are classified into current and non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- i) it is expected to be realised in the Company's normal operating cycle;
- ii) it is held primarily for the purpose of being traded;
- iii) it is expected to be realised within 12 months after the reporting date; or
- iv) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- i) it is expected to be settled in the Company's normal operating cycle;

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the year ended 31 March 2020

- ii) it is held primarily for the purpose of being traded;
- iii) it is due to be settled within 12 months after the reporting date; or
- iv) The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

f) Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the chief financial officer.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (Unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes:

- Note 1.2(a) – financial instruments.

1.2 Significant accounting policies

(a) Financial instruments

i. Recognition and initial measurement

Trade receivables issued are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortized cost;
- FVOCI – debt investment;
- FVOCI – equity investment; or
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the year ended 31 March 2020

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management; the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

Family Health Plan Insurance TPA Limited
 (Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the year ended 31 March 2020

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-Recourse features).

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised Cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the year ended 31 March 2020

Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

iii. Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

iv. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(b) Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the year ended 31 March 2020

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognised net within other income in the statement of profit and loss.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

(ii) Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2015, measured as per the previous GAAP, and use that carrying value as the deemed cost of such property, plant and equipment (see Note 32).

(iii) Subsequent expenditure

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the statement of profit and loss as incurred.

(iv) Depreciation

Depreciation on property, plant and equipment is provided on the straight-line method ("SLM") over the estimated useful lives of the assets as evaluated by the internal technical team and in management's view reflect the actual usage of the asset. These are equal to the useful lives prescribed under Schedule II to the Act.

Asset category	Estimated useful life (in years)
Office equipment	5
Furniture and fixtures	10
Computers	3
Air conditioners	5
Cell phones	3
Stabilizers	10
Development to lease hold properties	3
Electrical fittings	10
Motor cars	8
Motor cycle	10
Generator	10
Buildings	30

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the year ended 31 March 2020

Leasehold improvements are amortised over the primary period of the lease or estimated useful life of the assets, whichever is lower.

Depreciation is calculated on a pro-rata basis from the date the assets are purchased up to the date the assets are sold.

(c) Intangible assets and amortisation

(i) Computer software

Computer software is recorded at the consideration paid for acquisition. Computer software is amortised over their estimated useful lives on a straight-line basis, commencing from the date the asset is available to the Company for its use.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognized in profit or loss as incurred.

(iii) Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2015, measured as per the previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

(iv) Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in Statement of Profit and Loss. The management's estimates of useful lives of various intangible assets and comparative rates as prescribed under Schedule II are as follows:

Asset category	Estimated useful life (in years)
Computer software	3

(v) Impairment of intangible assets under development

Intangible assets are assets for impairment whenever there is any indication that the intangible asset under development may be impaired.

(i) Impairment of assets

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the year ended 31 March 2020

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

ii. Impairment of non-financial assets

The Company's non-financial assets, other than deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The Company's corporate assets (e.g., central office building for providing support to various CGUs) do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

(d) Employee benefits

a) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

Compensated absences:

Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short-term employee benefit and the accumulated leave expected to be carried forward beyond

twelve months, as long-term employee benefit for measurement purposes. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

ii) Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

iv) Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Re-measurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Amendment to Ind AS 19 – plan amendment, curtailment or settlement

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the year ended 31 March 2020

On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

(e) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Income from TPA operations is recognized exclusive of applicable Service tax/GST

The Company derives its revenue primarily as service fee earned on Third Party Administration (TPA) contracts entered into with Insurance Companies. Revenue accrues to the Company based on the contract entered with the Insurance Company, in respect of policies entrusted to the Company for rendering the TPA Services.

As TPA fees is based on insurance premium/per life for the number of policies received by insurance company, hence it is recognised on based on the insurance premium and policies received in the respective month.

All the TPA streams of revenue are being recognized on accrual basis and subject to the confirmations received from the Insurance Companies.

Provision for estimated losses on incomplete contract is recorded in the year in which such losses become probable base on the current contracts estimates.

Other income

Interest on bank deposits is recognised on the effective interest rate (EIR method) using the underlying interest rates. Dividend income is recognised when the unconditional right to receive the payment is established.

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the year ended 31 March 2020

i. Impairment of financial instruments

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost.

At each reporting date, the Company assesses whether financial assets carried at amortised are credit impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. The Company measures loss allowances at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 3 years past due.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is 30 days or more past due.

Measurement of expected credit losses

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expect to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

(f) Foreign Currency:

Transactions in foreign currencies are translated to functional currencies of Company at exchange rates at the dates of the transactions.

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2018 has notified the following new and amendments to Ind ASs which the Company has applied as they are effective for annual periods beginning on or after April 1, 2018:

The amendment clarifies on the accounting of transactions that include the receipt or payment of advance consideration in a foreign currency. The appendix explains that the date of the transaction, for the purpose of determining the exchange rate, is the date of initial recognition of the non-monetary prepayment asset or deferred income liability. If there are multiple payments or receipts in advance, a date of transaction is established for each payment or receipt.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the period, adjusted for effective interest and payments during the period, and the amortised cost in foreign currency translated at the exchange rate at the end of the reporting period.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined.

Foreign currency differences arising on retranslation are recognised in the statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction

(g) Income-tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Amendment to Ind AS 12 – Income taxes:

On March 30, 2019, Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12, 'Income Taxes', in connection with accounting for dividend distribution taxes.

The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

(h) Non - Current assets held for sale

Non-current assets comprising assets and liabilities, that are expected to be recovered primarily through sale rather than through continuing use, are classified as held for sale. Immediately before classification as held for sale, the assets are remeasured in accordance with the Company's accounting policies. Thereafter generally the assets are measured at the lower of their carrying amount and fair value less cost to sell. Any impairment loss on initial classification as held for sale and subsequent gains or losses on re measurement are recognised in the statement of profit and loss. Gains are not recognised in excess of any cumulative impairment loss.

(i) Earnings per share

The basic earnings per share ("EPS") for the year is computed by dividing the net profit/ (loss) after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

(j) Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

Contingencies

Provision in respect of loss contingencies relating to claims, litigations, assessments, fines and penalties are recognised when it is probable that a liability has been incurred and the amount can be estimated reliably.

(i) Contingent liabilities and contingent assets

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

Contingent assets have to be recognised in the financial statements in the period in which if it is virtually certain that an inflow of economic benefits will arise. Contingent assets are assessed continually and no such benefits were found for the current financial year.

(j) Leases:

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of Profit & Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:

- Full retrospective – Retrospectively to each prior period presented applying Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- Modified retrospective – Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

- Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or
- An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application. Certain practical expedients are available under both the methods.

On completion of evaluation of the effect of adoption of Ind AS 116, the Company has opted modified retrospective approach for accounting of leases during transition phase. Accordingly, comparatives for the year ended March 31, 2019 will not be retrospectively adjusted. The Company has elected certain available practical expedients on transition.

The Company has adopted Ind AS 116 Leases with a modified retrospective approach effective April 01, 2019. This standard sets out the principles for recognition, measurement, presentation and disclosure of leases. Ind AS 116 requires lessee to recognize asset and liabilities for all the leases and correspondingly recognizes depreciation and interest cost instead of rent expenses as hitherto done under erstwhile standard on leases.

(k) Cash flow statement

Cash flows are reported using the indirect method, whereby net profit/ (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and item of income or expenses associated with investing or

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the year ended 31 March 2020

financing cash flows. The cash flows from regular revenue generating, investing and financing activities of the company are segregated.

(I) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

As at 1 April 2018	4,000,000	40,000,000
Issue of bonus shares during the year	-	-
As at 31 March 2019	4,000,000	40,000,000
No of shares during the year	-	-
As at 31 March 2020	4,000,000	40,000,000

Terms/right attached to equity shares

The Company has a single class of equity shares. All equity shares rank equally with regard to dividends and share in the company's residual assets. The equity shares are entitled to receive dividend as declared from time to time subject to payment of dividend to preference shareholders. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid up equity capital of the company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. In the event of liquidation of the company, the holders of equity shares will be entitled to receive remaining assets of the company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

(ii) Details of shareholders holding more than 5% shares in the Company

Name of the shareholder	31 March 2020		31 March 2019	
	No. of shares in lakhs	% holding	No. of shares in lakhs	% holding
Equity shares of Rs. 10/- each fully paid-up				
Apollo Hospital Enterprises Limited	1,960,000	49.000%	1,960,000	49.000%
PCR Investments Limited	1,120,000	28.000%	1,120,000	28.000%
Spectra Hospital Services Limited	320,000	8.000%	320,000	8.000%
CITADEL Research & Solutions Limited	371,720	9.293%	371,720	9.293%
	3,771,720	94.293%	3,771,720	94.293%

As per the records of the Company including its register of shareholders and other declarations received from shareholders regarding beneficial interest the above shareholding represents both legal and beneficial interest.

Total	-	-	268,662,828

The carrying amounts of trade receivables, trade payables, fixed deposits and cash and cash equivalents are considered to be same as their fair values, due to their short-term nature

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of financial instruments that are measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the accounting standard.

Quantitative disclosures fair value measurement hierarchy for liabilities as at 31 Mar 2020:

	Note	Level 1	Level 2	Level 3	Total
Financial liabilities					
Borrowings	-	-	127,894,030	-	127,894,030
Total financial liabilities		-	127,894,030	-	127,894,030

Quantitative disclosures fair value measurement hierarchy for liabilities as at 31 March 2019:

	Note	Level 1	Level 2	Level 3	Total
Financial liabilities					
Borrowings	-	-	172,132,940	-	172,132,940
Total financial liabilities		-	172,132,940	-	172,132,940

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Total financial liabilities	-	203,705,022	-	268,662,828

21 Financial risk management

a) Risk management framework

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is liquidity risk. The Company uses borrowing facilities to mitigate liquidity related risk exposures. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

A. Credit Risk

Credit risk is the risk of financial loss to the Company if a customer, employees or counterparty to a financial instrument fails to meet its contractual obligation leading to financial loss. The Company is exposed to credit risk from its operating activities (primarily for trade and other receivables) and from its financing activities, including short-term deposits with banks and financial institutions, and other financial assets.

Trade receivable

The Company has exposure to credit risk and the Company ensures concentration of credit does not significantly impair the financial assets since the customers to whom the exposure of credit is taken are well established and reputed industries mostly being public sector undertakings which are sovereign backed and other large corporates.

Trade receivables and unbilled revenue are typically unsecured and are derived from revenue earned from customers primarily located in India. The Company has a process in place to conduct weekly calls with regards to invoice wise review of the outstanding receivable with regional teams. Management reviews the progress made on collection status on a regular basis. Company periodically assess the financial reliability of customers & counterparties, factoring the current industry & economic trends, historical payment cycles and ageing of trade receivables. The Company's review includes financial statements and industry information. More than 95% of the Company's customers have been transacting with the Company for over five years and none of these customers' balance are credit impaired only on account of delivery issues. An impairment analysis is performed at each reporting date on invoice wise receivable balances.

The credit risk for liquid funds and other current and non-current financial assets is considered negligible, since the customers are with high quality external credit ratings and an entity under common control.

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the period ended 31 Mar 2020 (continued)
(All amounts in Indian rupees, except share data and unless otherwise stated)

Expected credit loss for trade receivables under simplified approach is detailed as per the below tables

Year ended 31 March 2020

Ageing	0-30	30-60	60-90	90-180	180-365 days	1-2 year	> 2 year*	Total
Gross carrying amount	192,123,586	33,412,979	6,752,843	22,790,004	1,818,407	2,387,519	2,691,082	261,976,420
Expected loss rate	1.72%	6.38%	16.30%	17.66%	27.33%	34.34%	100.00%	
Expected credit losses (loss allowance provision)	3,305,289	2,133,183	1,100,640	4,024,761	497,051	819,920	2,691,082	14,571,926
Carrying amount of trade receivables (net of impairment)	188,818,297	31,279,796	5,652,203	18,765,243	1,321,356	1,567,599	-	247,404,495

* Amount of receivables from Government Schemes of Rs.5,12,46,102 not considered for the purpose of calculation of ECL since receivables are not bad and expect that the same will be received.

Year ended 31 March 2019

Ageing	0-30	30-60	60-90	90-180	180-365 days	1-2 year	> 2 year	Total
Gross carrying amount	153,252,071	20,216,728	11,765,933	16,167,703	11,351,369	25,602,601	2,936,920	241,293,325
Expected loss rate	0.84%	3.01%	8.22%	9.35%	11.11%	12.65%	100.00%	
Expected credit losses (loss allowance provision)	1,294,921	609,225	966,747	1,511,506	1,261,463	3,237,765	2,936,920	11,818,547

Reconciliation of loss allowance provision - trade receivables

Loss allowance on 1 April 2018	5,780,032
Changes in loss allowance	6,038,515
Loss allowance on 31 March 2019	11,818,547
Changes in loss allowance	2,753,379
Loss allowance on 31 March 2020	14,571,926

B. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset as they fall due. The Company is exposed to this risk from its operating activities. The Company's approach to managing liquidity is to ensure, as far as possible that it will have sufficient liquidity to meet its liability when they are due, under both normal and stressed condition, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company monitors its liquidity risk and maintains a level of cash and cash equivalents adequate to finance the operations and to mitigate the effects of fluctuations in cash flow.

i. Financing arrangements

The Company has access to the following undrawn borrowing facilities at the end of

	31 March 2020	31 March 2019
Floating rate		
Expiring within one year (bank overdraft and other facilities)	210,455,830	189,025,712
Expiring beyond one year (bank loan)	-	-
	210,455,830	189,025,712

Other financial liabilities	14,407,584	-	-	-	-	-	-	14,407,584
	82,482,976	119,790,529	255,960	528,865	646,692	-	-	203,705,022

Year ended 31 March 2019	On demand	Less than 3 months	3 months to 6 months	6 months to 1 year	Between 1 and 2 years	Between 2 and 5 years	More than 5 years	Total
Borrowings	101,463,686	-	-	-	-	-	-	101,463,686
Term loan	-	2,412,935	1,875,000	3,750,000	7,500,000	22,500,000	30,000,000	68,037,935
Car loan	-	229,674	234,706	484,950	1,035,297	646,692	-	2,631,319
Trade payables	-	88,194,741	-	-	-	-	-	88,194,741
Other financial liabilities	8,335,147	-	-	-	-	-	-	8,335,147
	109,798,833	90,837,350	2,109,706	4,234,950	8,535,297	23,146,692	30,000,000	268,662,828

C. Market risk

(i) Foreign currency risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Since all of the company's operations are being carried out in India and since all the material balances are denominated in its functional currency, the company does not carry any material exposure to currency fluctuation risk.

The Company's exposure to foreign currencies in minimum and hence no sensitivity analyses is presented.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company's exposure to interest rate risk is minimum and hence no sensitivity analyses is presented.

(All amounts in Indian rupees, except share data and unless otherwise stated)

22 Capital management

a) Risk management

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors monitors the return on capital, which the Company defines as result from operating activities divided by total shareholders' equity. The Board of Directors also monitors the level of dividends to ordinary shareholders.

The Board seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position. The Company's target is to achieve a return on capital of between 20 percent and 25 percent; in 2019-20 the return was 20.02% percent (2018-19: 15.85 percent). In comparison the weighted average interest expense on interest-bearing borrowings (excluding liabilities with imputed interest) was 10.23% in 2019-20 (2018-19: 9.65% percent).

The Company's debt to adjusted capital ratio at the end of the reporting period was as follows:

	31 March 2020	31 March 2019
Borrowings	127,894,030	172,132,940
Trade payables	61,403,408	88,194,741
Other payables	14,407,584	8,335,147
Less: Cash and cash equivalent	(119,684,369)	(63,657,970)
Net debt	84,020,653	205,004,858
Equity	945,846,981	827,740,282
Capital and net debt	861,826,328	622,735,424
Adjusted net debt to adjusted equity ratio	9%	-25%

i) Loan covenants (Company to update, if any) - Nil

b) Dividends: The Company has not declared any dividends during the period and year ending March 2020 and March 2019 respectively

Family Health Plan Insurance TPA Limited
(Formerly known as Family Health Plan (TPA) Limited)
Notes to the financial statements for the period ended 31 Mar 2020 (continued)
 (All amounts in Indian rupees, except share data and unless otherwise stated)

24 Contingent liabilities

a) Guarantees given:

Details of guarantees given as at 31 March 2020

Particulars	Relationship	At the beginning of the year	At the end of the period
Bank Guarantees issued by Axis Bank Ltd., ICICI Bank Ltd., & Kotak Mahindra Bank Ltd., in favour of the Insurance Companies and Government	Customers	27,768,778	41,468,778

Details of guarantees given as at 31 March 2019

Particulars	Relationship	At the beginning of the year	At the end of the year
Bank Guarantees issued by Axis Bank Ltd., ICICI Bank Ltd., & Kotak Mahindra Bank Ltd., in favour of the Insurance Companies and Government	Customers	46,100,000	27,768,778

b) Pending litigations

i) The Commissioner of Customs, Central Excise and Service Tax-Hyderabad-II Commissionerate vide Adjudication Order No.08/2008-Adjn-ST dated 24-03-2008 levied a Penalty u/s. 76 of the Finance Act towards delayed remittance of Service Tax payable (Amount of penalty not quantified). The Company has preferred Appeal against the above Order with The Hon'ble Customs, Excise and Service Tax Appellate Tribunal (South Zonal Bench) – Bangalore and got the Appeal admitted and also got the Stay Order from the Hon'ble Court for pre-deposit of penalty. The matter is sub-judice, awaiting final hearing. In continuation of the above, during the current year, The Hon'ble Customs, Excise and Service Tax Appellate Tribunal (South Zonal Bench) – Bangalore has given favour to the assessee and it is held that no penalty is liable to be imposed, question of enhancing the penalty or revising the penalty would not arise. Therefore appeal filed by the Revenue cannot be sustained and has to be rejected. In the result, appeal filed by the appellant/assessee is allowed with consequential relief, if any and appeal filed by the Revenue is rejected. - Vide Ref No: ST/479/2008-DB, ST/487/2008-DB, Final Order No: 21265-21266/2015 dated 25/05/2015. However, the Commissioner of Central Excise, Customs and Service Tax, Hyderabad-II, Commissionerate has filed petition in the High Court of Judicature at Hyderabad to grant stay against the order dated 25-05-2015 passed by CESTAT, Bangalore. Accordingly, the Court has given interim stay as prayed for and granted interim stay vide order dated 31.03.2016.

ii) By Virtue of Circular 8/2009, dated 24 November 2009, issued by the Central Board of Direct Taxes, the Income Tax Department during financial year 2015-16 had raised a demand of Rs.8.13 Crores for the years 2004-05 to 2009-10, on account of Interest on non-deduction of tax and liability towards tax ought to have been deducted at source on payments effected to Hospitals on behalf of the Insurance companies.

The Company has contested against the demand and has preferred an appeal on various Grounds including non-applicability of the provisions of Deduction of tax at source in the hands of the company, on payment effected to hospitals. Pending the disposal of the appeal by the appellate authorities, a reliable estimate of the existing obligation, if any, cannot be reasonably ascertained and hence not provided for.

During the financial year 2018-19 the company a sum of Rs.5.03 Crores under protest and the Hon'ble Income Tax Appellate Tribunal, Chennai Bench vide its order dated 22 March 2019 has stayed the collection of further demand for a period of six months

ITAT has given final order on 19-11-2019 and it is said that in the final order the assessee's appeals for assessment years 2005-06 to 2009-10 in ITA Nos.733 to 737, 739 to 743/CHNY/2019 are allowed and the appeals for the assessment year 2010-11 in ITA Nos.738 & 744/CHNY/2019 are partly allowed.

*previous year figures have been regrouped/rearranged wherever necessary.

REVIEW OF BUSINESS OPERATIONS AND FUTURE PROSPECTS

Your Company serviced premiums of Rs. 4,726.72 Crores in the current year as against 3,732.89 crores in the previous year. Your Company further improved its Operating Income, during the year at Rs.137.96 Crores as against Rs. 123.16 Crores in 2018-19 and made a net profit of Rs.12.55 Crores during the year as against Rs. 7.94 Crores in 2018-19. Your Directors are optimistic about Company's business and hopeful of better performance with increased revenue in coming years. There was no change in the nature of business of Company.

BUSINESS REVIEW/STATE OF THE COMPANY'S AFFAIRS

The health insurance industry has been witnessing a good growth year on year and the growth during the last year was 13.60%. The gross written premium for health during the current FY was Rs. 50,823 Crores. The growth story of the health insurance premiums is expected to continue at the same rate as in FY 2020-21 also. Your Company as one of the leading TPA's is proud to be a part of the Health Insurance Industry by providing quality services to the policyholders through its vast network of hospitals and offices across the country.

Your Company continued as exclusive TPA of Apollo Munich Health Insurance Company Ltd. (AMHICL) for its retail portfolio and its preferred TPA for its group portfolio during the Financial Year 2019-20. Apollo Munich was acquired by HDFC Ergo Health Insurance Company Limited during the said financial year and therefore Apollo Munich was no longer an insurance partner of FHPL. Consequently, the ensuing business is likely to come down drastically as FHPL is not exclusive retail servicing partner for HDFC Ergo Health insurance co ltd. However, this loss of business is planned to be compensated in other streams of business. The total income generated from AMHICL during the year is Rs.34.84 Crores as against Rs. 38.54 Crores in 2018-19. Your Company continues to be the exclusive TPA of TATA-AIG for its retail portfolio. During the year total income generated from TATA-AIG including group and retail portfolio is Rs.12.96 Crores as against Rs. 11.52 Crores in the year 2018-19. Further, your Company continues to be the TPA for Four PSU's & also other Private insurance companies.

It is expected that your Company will have a healthy growth in its top line and profits in the ensuing financial year.

During the year under review, your Company has increased the number of network hospitals from 12460 to 13294 with an increase of 6.69% in the current year. The Company has consciously maintained the uniform spread of the hospitals between Metros, 'A' Class, 'B' Class and 'C' Class cities.

DIVIDEND

Your Company has not declared any dividend during year.

RESERVES

The Company proposes to carry Rs. 11,81,06,698/- to reserves.

EXTRACT OF ANNUAL RETURN

The extracts of Annual Return pursuant to the provisions of Section 92 read with Rule 12 of the Companies (Management and Administration) Rules, 2014 is furnished in **Annexure-I** and is attached to this Report.

MATERIAL CHANGES AND COMMITMENT IF ANY AFFECTING THE FINANCIAL POSITION OF THE COMPANY OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR TO WHICH THIS FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

No. material changes and commitments affecting the financial position of the Company occurred between the end of the financial year to which this financial statements relate on the date of this report.
